Lozovskii str. 82 B
64602 Lozova, Kharkiv region
Ukraine

06 Aug 2024

sample number	13855994	order	206067
sample code client		date of receipt	01 Aug 2024
product group	beeswax	sample receipt	per courier
sample	plastic bag without seal	sampling	by client
description	Z7/8	quantity	94 g (gross)
		temperature	room temperature

45600 total hydrocarbons in beeswax

DGF-M-V-6 2012-02 Hydrocarbons gravimetical (accredited)

(DGF M-V-6)

processing time 02 Aug 2024 - 06 Aug 2024

analyte	limit of quantification	result
total amount of hydrocarbons	5,0 %	15,8 %

The extended relative measurement uncertainty is 37% (extension factor K=2 / confidence interval 95%). Sampling is not considered.

LOQ = Limit of Quantification

assessment:

Within the framework of the analyzed parameters the notified total amount of hydrocarbons could be detected.

The results refer only to the analysed sample .

It is not permitted to replicate this quality report in extracts without written permission of the laboratory.
